Jamie McFarlane 's Fool Me Once (Privateer Tales, Book 2) is a very fast paced sci-fi adventure. While the story and characters are exciting, the relationship to the previous book protagonists was very superficial, which I personally found disappointing. However, that said, I did enjoy the protagonists in this book.

When you are old enough to finally become an Earth Mars citizen, everything should be perfect. Right? Not for Liam Hoffen. He's stuck on a mining asteroid called Colony 40, helping his father work a claim that is never going to pay out. His best friend, Nick James is set for life in James' Rental business and Liam just discovered that the girl he's known forever thinks he's pretty great and now she's leaving for the Mars Naval Academy. Liam dreams of sailing the stars. Whenever he gets the chance, he jets into space and floats, wishing to be free of the asteroid that has claimed him. What he doesn't realize is that fate is about to change everything. Sometimes you have to lose parts of yourself to gain the stars, and Liam discovers that while it isn't easy to literally lose parts of yourself to the pirates who attacked your home, gaining the stars is worth everything. He and Nick are about to find out what the real world has to offer and they end up meeting exciting people along the way.

Celina Dontal just escaped eighteen months of captivity at the hands of Alexander Boyarov and his crew, members of the brutal Red Houzi Clan. That should have been the hard part. It was only the beginning. When she tried to contact her younger sister, Jenny, Celina received shocking news. The one person in the universe that Celina loved and lived for, was missing, and no one could tell her what happened. A vague mention of passage booked to the metropolis of Puskar Stellar on Mars was the only clue Celina unearthed, but Jenny hasn't responded to

## Access Free Fool Me Once Privateer Tales Book 2

any of Celina's messages. Celina has no friends on Mars and to make things worse, Boyarov is skating on thin ice with the Red Houzi. He lost their ship and prisoner. Retrieving both as quickly as possible is the only hope he has of preserving his own life. He's on the hunt. If there is to be any help for Celina and Jenny, it will have to come from strangers. Puskar Stellar is a big city and finding someone who is trustworthy can be a slippery quest. Fool Me Once, a standalone novella, is the second story in Jamie McFarlane's Privateer Tales.

“Eloisa James is extraordinary.” –Lisa Kleypas “Nothing gets me to the bookstore faster than a new novel by Eloisa James.” –Julia Quinn New York Times bestselling author Eloisa James gives the classic Hans Christian Andersen story of “The Ugly Duckling” a wonderful, witty, and delightfully passionate twist. The Ugly Duchess is another fairytale inspired romance from the unparalleled storyteller whose writing, author Teresa Medieros raves, “is truly scrumptious.” A sexy and fun historical romance, James’s winning tale of a glorious reawakening does not feature ducks and swans—rather it’s a charming story of a young woman unaware of her own beauty, suddenly duty-bound to wed the dashing gentleman who has always been her platonic best friend...until now.

Calling upon his unique experiences as a criminal investigator in the National Park Service (NPS), Berkowitz proves how an over-emphasis on image (the "ranger image") has led to an NPS culture that accepts misconduct. Citing verified news accounts, internal agency documents, and personal notes, this dramatic case study challenges conventional wisdom and official accounts of agency history. Agency culture set in motion nearly a half-century ago, beginning with a group of employees known as the Yosemite Mafia, includes a demonstrated bias against professional law enforcement and a reluctance to hold senior managers accountable. This book fills a gap in existing literature dealing with noble cause corruption and corrects popular assumptions about the NPS, its history, and its law enforcement responsibilities.

He's a Vietnam vet, with a new lease on life. To fight an out-of-this-world invasion, he'll need a little help from his friends... Albert Jenkins never cared much for bureaucrats and politicians. So when the Galactic Congress refuses to act on the illegal invasion of Earth by parasitic aliens, he does what any self-respecting vet would do - he steals a spaceship. But when AJ and a snarky pop-culture loving alien companion are pursued by space cops, he does the only rational thing he can come up with. He strategically crash lands on a junkyard moon. When he finally make it back home with what he hopes is a cure for the occupying parasites, he discovers the situation is worse than expected. The microscopic invaders have redoubled their efforts to strip Earth of critical resources, yet undiscovered by humanity. Knowing that time is in short supply, AJ calls on his network of crusty yet elite buddies from 'Nam. Fortunately, it does not take much convincing to get these aging patriots to saddle up one more time to

## Access Free Fool Me Once Privateer Tales Book 2

kick some alien ass. With youth restored, this elite squad of old vets will pit themselves against an unseen enemy. The question is - can they put an end to this global invasion once and for all? Old Dogs, Older Tricks is the second book in the wild Junkyard Pirate space opera series. If you like sarcastic heroes, hilarious extraterrestrial sidekicks, and ragtag military units, then you'll love Jamie McFarlane's epic adventure. Buy Old Dogs, Older Tricks and jump right back into the action!

How do you defend your city from itself? How do you fight an enemy that knows your secrets and can predict your moves? In the wake of their mother's death, Jason and Amy Night tried to get on with their lives. While Amy buried herself in her work and taking care of their ailing father, Jason took another path. He donned a mask and became the protector of Darden Valley. He became The Guardian. When Darden Valley comes under attack from more than just crooks and thugs, the siblings will have to lean on each other to protect their family and defend their city. Does the Darden Valley Guardian have what it takes to protect his city while his family is under attack?

For fans of Scott Lynch and Naomi Novik comes a high fantasy epic that blends swashbuckling adventure with a dark tale of vengeance--when a ship captain is stranded on a deserted island by his mutinous crew, he finds a rare dragon egg that just might be the key to his salvation and his revenge. He only wanted justice. Instead he got revenge. Jeryon has been the captain of the Comber for over a decade. He knows the rules. He follows the rules. He likes the rules. But not everyone on his ship agrees. When a monstrous dragon attacks the Comber, his surviving crew, vengeful and battle-worn, decide to take the ship for themselves and give Jeryon and his self-righteous apothecary "the captain's chance:" a small boat with no rudder, no sails, and nothing but the shirts on their backs to survive. Marooned and fighting for their lives against the elements, Jeryon and his companion discover that the island they've landed on isn't quite as deserted as they originally thought. They find a rare baby dragon that, if trained, just might be their ticket off the island. But as Jeryon and the dragon grow closer, he begins to realize that even if he makes it off the island, his life will never be the same again. In order for justice to be served, he'll have to take it for himself.

Download the first five chapters of the widely anticipated SIEGE & STORM, book two in The Grisha Trilogy! Darkness never dies... Hunted across the True Sea, haunted by the lives she took on the Fold, Alina must try to make a life with Mal in an unfamiliar land, all while keeping her identity as the Sun Summoner a secret. But she can't outrun her past or her destiny for long. The Darkling has emerged from the Shadow Fold with a terrifying power and a dangerous plan that will test the very boundaries of the natural world. With the help of a notorious privateer, Alina returns to the country she abandoned, determined to fight the forces gathering against Ravka. But as her

power grows, Alina slips deeper into the Darkling's game of dark magic and control—and farther away from Mal. Now, she will have to choose between her country, her power, and her heart, or risk losing everything to the oncoming storm.

Alien slavers attack Arcadia, and identical twins Rika and Nika Ingersoll must find a way to save their family and friends before they're taken off planet and lost forever.

Celia Vallerand fears for her life as she stares into the deep, arresting eyes of the dashing man who purchased her from the brigands who had abducted her. But it soon becomes clear that it's her virtue, not her life, that's in danger. The rugged, powerful renegade known only as "Griffin" arouses desires in Celia as dangerous as they are forbidden. And though she knows she must resist him, she fears she may be unable to do so. But the magnificent adventurer is a man trapped in a perilous deception. And the shocking secrets he guards could deny him the love of the fair captive lady who has enslaved his reckless heart.
